As part of this policy we aim to:

- Comply with all relevant environmental legislation and Best Management Practices.
- Having regard to DPC's commitment to the concept of Corporate, Social Responsibility, work shall continue in developing and building partnerships with the relevant Local Authority, Regulator's, NGO's and local resident groups.
- Take account of environmental issues in the planning, design and implementation of projects in consultation with our tenants and customers.
- Follow best environmental practice in regard to our own activities, ensuring that pollution prevention is a major consideration in all operational activities.
- Having regard to protecting DPC's assets, work shall continue with both DPC staff and Port tenants in improving awareness of the potential environmental consequences of Port activities.
- Seek to minimise significant environmental impacts of our activities through the progressive development of environmental management procedures as determined by our business needs.
- Establishing objectives and measurable targets against which improvements in environmental performance will be monitored.
- Raise staff awareness of the environmental issues and the environmental effects of DPC's activities through communication and training.
- Review annually our environmental policy and consider the need for any amendments in the light of changing circumstances.
- Make the environmental policy statement available to our stakeholders and the public.
- Build on the environmental management we have achieved through a process of continuous improvement.
